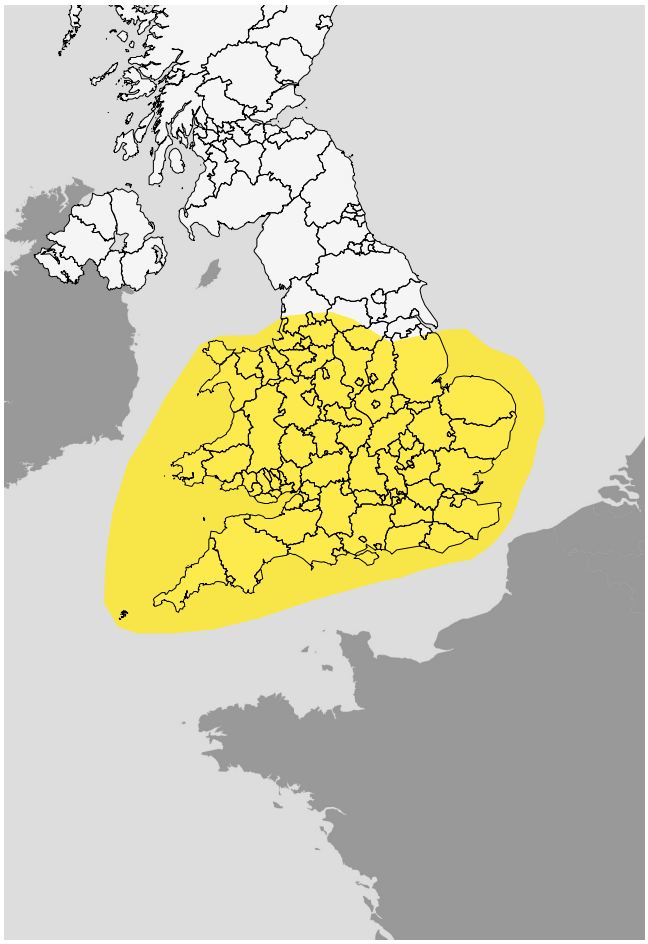
Yellow warning
Rain

Between
21:00 Thu 12 Oct 2023 and
20:00 Fri 13 Oct 2023



Heavy rain and strong winds may cause some disruption to travel during Friday.

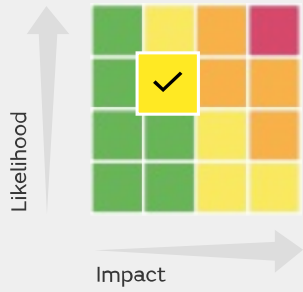
What to expect

- Spray and flooding on roads probably making journey times longer
- Flooding of a few homes and businesses is likely
- Bus and train services probably affected with journey times taking longer

Further details

Rain, heavy and persistent at times, will move northeast across much of England and Wales during Thursday night and Friday morning, with some drier spells following across southern and eastern England for a time. It will also become windy with gusts of 45-50 mph inland and as high as 60 mph on some southern coasts. The rain will clear from the northwest through Friday afternoon and evening.

Widely 10-20 mm of rain is likely, but in the wettest spots 30-50 mm is possible, and some high ground of West Wales could see 70 mm.



Medium likelihood of low impacts
